

GORILLA® HOSE PERFORMANCE WARRANTY

ONLY THE STRONG SURVIVE – 25 YEARS
OF INDUSTRY-LEADING SERVICE

How It Works

We are so confident Gorilla® Hose from Goodyear Engineered Products will outperform the multipurpose hose you're using now that we'll give you double your money back if Gorilla doesn't do the job.

Simply let us know that you have a multi-purpose hose test application in which you want to try Goodyear Gorilla Hose. Give us some details about your application, what brand and type you're currently using, and how much service life you've been getting.

We'll deliver the required test length of Gorilla hose and invoice you at the normal selling price. Goodyear Gorilla will outlast the multi-purpose hose it replaced, or we'll give you back double what you were invoiced.

No catch. No strings. No gimmicks. It's just our way of demonstrating Goodyear Gorilla will perform to your satisfaction and our warranty frees you from any concerns in trying our product.

Why We Can Make This Offer

Simple. We have a better product to sell and we stand behind it.

Goodyear uses premium grade materials, innovations in design and engineering, and the most advanced production techniques to produce the most consistent quality in industrial hose.

This is your assurance that Goodyear hose provides the best value of any multipurpose hose in the industry.

Don't take our word for it. Try Gorilla on the job and see for yourself. You can't lose.

How You Collect If You Prove Us Wrong

In the unlikely event Goodyear Gorilla Hose doesn't last longer than the multipurpose hose you've been using, simply return the used Goodyear hose to us. We'll give you back double your invoice price in return. It's that easy.
